“” COOKIES POLICY

“Hyades WM 1 Private Company” (hereinafter referred to as "the Company") uses "Cookies" to improve its website, www hyadesdc.com, while adhering to a strict policy regarding the protection of its users' privacy. Through this Policy, we provide further information on how we use "Cookies" to collect specific data regarding website visitors. By collecting this information, we are better able to tailor our website and services to our users.

1. What are "Cookies": Cookies are small text files containing information that are stored by a website's server on a visitor/user's terminal device (computer, mobile phone, etc.) during navigation. The website retrieves this information during each visit in order to provide services based on it.
Storing information or gaining access to information already stored on the user's terminal equipment is permitted only if the user in question has given their consent following appropriate notification. An exception to the obligation to obtain consent, in accordance with the aforementioned paragraph, applies to the storage of and access to information where the sole purpose is to carry out the transmission of a communication over an electronic communications network, or where such storage or access is necessary to provide an information society service explicitly requested by the user or subscriber. Consequently, user consent is not required for cookies that are considered technically necessary to establish the connection to the website or to provide the internet service.

2. Types of "Cookies": There are various types of "Cookies". Specifically: (a) Necessary "Cookies" are essential for the proper and effective operation of the website, as previously mentioned. Visitor/user consent is not required for the use of mandatory cookies. (b) Traffic measurement and analysis "Cookies" are used to obtain statistical data regarding website traffic for the sole purpose of improving its performance and content, provided the visitor/user has already given their consent. The information collected relates to how you browse the website, such as the frequency of your visits, the keywords used for searches, the type of browser used for browsing, and the website from which you arrived. Such statistical data does not identify you, is not used for any other purpose, and is not shared with third parties. (c) Preference "Cookies" allow websites to remember user choices—such as username, language, or region—in order to provide enhanced and personalized features, provided the visitor/user has already given their consent.
If you do not accept cookies in specific instances, the website's performance and functionality may be affected, and your access to its content may be restricted.

3. Managing cookies via the browser: You can configure your web browser to alert you about the use of cookies and to prevent their acceptance entirely. In such a case, certain services and functions may not work. Naturally, not selecting this setting does not imply an intention to accept all cookies without exception. In any event, to manage and disable cookies, you can follow the relevant instructions provided for each type of browser.

4. Legal framework for the use and storage of "Cookies": The installation and use of "Cookies" is specifically regulated by law (Article 4, paragraph 5 of Law 3471/2006); any future amendments to this law may result in changes to the present policy. A website is permitted to install a cookie only if you, as a visitor/user, provide your explicit consent through a positive action (opt-in)—in accordance with GDPR terms and the guidelines of the Hellenic Data Protection Authority (HDPA)—following clear and comprehensive information regarding the installation, its utility, the

consequences of refusal for the visitor/user experience, the purpose of processing, the exercise of the right of access, and any data recipients. Such consent may be granted via appropriate web browser settings or another application. Naturally, visitor/user consent is not required for strictly necessary cookies.

We use cookies to offer you personalized services. You may choose which cookies are installed, and you may also reject all cookies except those that are strictly necessary.

5. Third-parties: Third-party services may set or access cookies or similar technologies, for example analytics, embedded media, mapping, social-media functionality or other external services. Non-essential technologies will be blocked until appropriate consent has been obtained. Independent third parties may process information under their own notices.

6. Cookies Used on This Website

Cookie Technology	Provider	Purpose	Category	First/Third Party	Duration	Consent Required?
hyades_cookie_consent_v1 *(Browser Local Storage)*	HYADES WMI LIKE.	Remembers whether the visitor selected Accept or Reject so the cookie preference banner does not need to appear on every visit. It does not enable tracking.	Strictly necessary	First Party	Persistent – no fixed expiry. Remains until the user clears browser/site storage.	No, where legally exempt as necessary preference storage
None currently used	N/A	No additional functional cookies or storage technologies are enabled in the current release.	Functional	N/A	N/A	Not applicable
None currently used	N/A	HYADES does not currently use analytics cookies or analytics tracking technologies.	Analytics	N/A	N/A	Not applicable – would require prior consent if introduced
None currently used	N/A	HYADES does not currently use advertising, behavioural targeting or marketing cookies.	Marketing	N/A	N/A	Not applicable – would require prior consent if introduced

7. Cookie Consent

When you first visit the website, a cookie-consent mechanism will be presented where required. Except for strictly necessary technologies qualifying for the applicable exemption, optional cookies must remain disabled until you make an affirmative choice.

- accept optional cookies;
- reject optional cookies;
- choose between available cookie categories; and
- change or withdraw choices later.

Refusing optional cookies will not prevent access to basic website content and services, although optional functionality may be unavailable.

8. Changing or Withdrawing Your Consent

You may change your cookie preferences or withdraw consent at any time by selecting [COOKIE SETTINGS] in the website footer or cookie-preference interface. Withdrawal does not affect processing lawfully carried out before withdrawal. You can also manage cookies through browser settings, although blocking all cookies may affect essential functions.

9. Third-Party Services and International Transfers
Some third-party technology providers may process information outside Greece or the EEA. Where personal data is transferred outside the EEA, transfers must comply with Chapter V GDPR. Safeguards may include a European Commission adequacy decision, Standard Contractual Clauses, Binding Corporate Rules, other Article 46 safeguards, or an applicable Article 49 derogation. Further information is available in our Privacy Policy.

10. Personal Data Collected Through Cookies

- IP address;
- device identifiers;
- cookie or online identifiers;
- browser and device information;
- operating system;
- pages viewed;
- referring pages;
- date and time of visits;
- interactions with website content; and
- consent and preference records.

The precise information depends on the technology used. See our Privacy Policy for information on legal bases, retention, recipients, international transfers and GDPR rights.

11. Retention
Session cookies generally expire when you close your browser. Persistent cookies remain until their specified expiry date or until deleted. The specific lifetime of each cookie should be stated in the table here above. Personal data generated through cookies will not be retained longer than necessary for the relevant purpose and legal requirements.

12. Updates to This Cookie Policy
We may update this Cookie Policy to reflect changes in technologies, providers or applicable law. The current version will be published with its 'Last updated' date. Where required, consent will be requested again following material changes to the purposes of optional cookies.
